C-UA/LTN

Apple Certified Lightning to USB Sync & Charge Cable

Kramer's C-UA/LTN cable is a MFi certified USB 2.0 cable to connect and charge your iPhone®, iPad® or iPod® with a Lightning™ connector.

The cable can be used to connect to your computer's USB port for syncing and charging or to a USB power adapter for reliable charging from a wall outlet. The Lightning connector fits in either direction to enable easier connection of your Apple devices

FEATURES

Quality Performance - For reliable syncing and charging, Kramer's C-UA/LTN cable is built using high-quality materials with durable construction for maximum flexibility

Compatible Devices - iPhone 6, 6 Plus, 5, 5C and 5S; the iPod Nano, the iPod Touch, the iPad Mini, the iPad Air and the 4th generation iPad

Available Colors - White & black

MFi Certified

Note - The cable's color can vary in some cases
