

CPP-16H ***16 HDMI Female*** ***to Female*** ***Couplers Patch Panel***

Operation Manual

1. Introduction

Thank you for purchasing the CPP-16H HDMI Female to Female Patch Panel. This useful device will help you make your HDMI system more efficient. This Patch Panel fits into a standard 19" rack which allows you to connect and organize up to 16 sources and displays. Cable runs can be quick and easy, thanks to a clear numbering system on the front of the panel. So if you are in need of a way to organize multiple HDMI sources and displays then the female to female HDMI Patch Panel is an excellent choice for your professional HDMI need.

2. Application

- HDMI system connection.
- HDMI extender connection.
- HDMI multi-display connection.

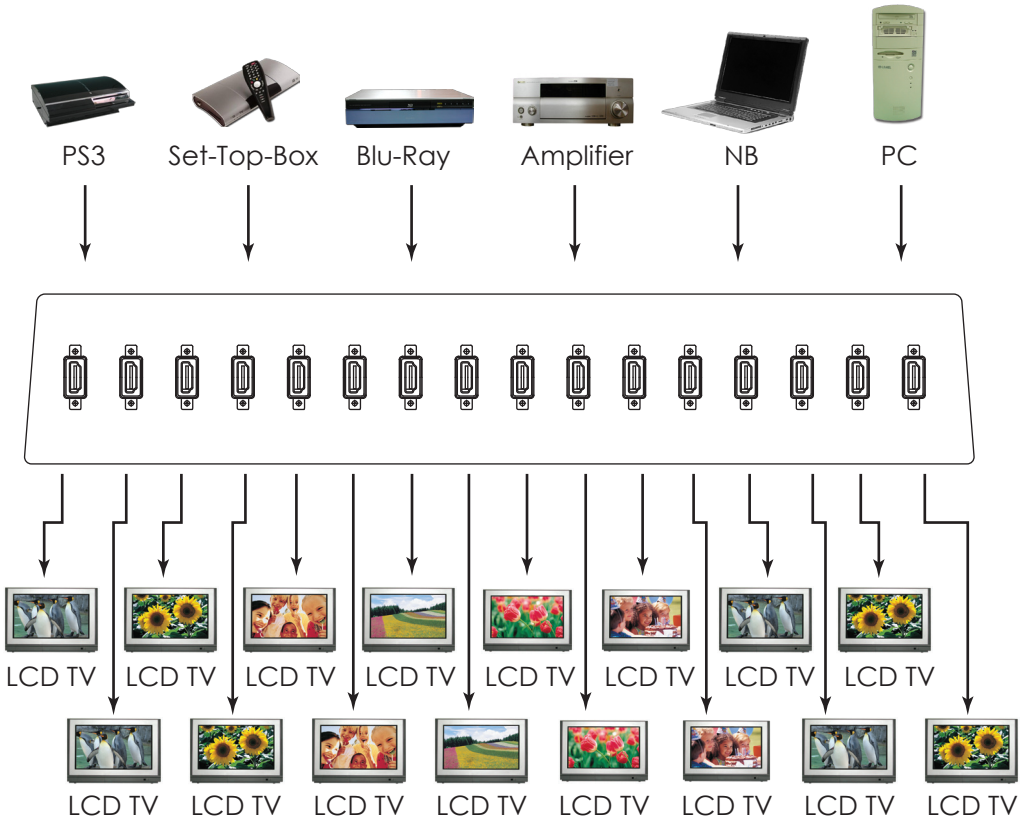

3. Features

- Use to connect multiple HDMI cables in a 19" equipment rack.
- Durable Heavy gauge steel and grit blast coating.
- Industry standard 2U panel height will fit most racks.
- High quality HDMI connectors to ensure minimal signal loss.
- Includes bracket for easy mounting.

4. Important warnings

- *Do not bend or remove the HDMI connector(s) from the Patch Panel.*
- *Do not bump, scratch or drop the Patch Panel anytime.*
- *Do not use any detergent to clean the Patch Panel.*
- *Do not put any liquids or drinks on or inside the Patch Panel or HDMI connectors.*

5. Connection and Installation
