

DS039

108" Cart / Stand

For Sharp 108" LC-108D1U Displays

Peerless-AV cart/stand supports one of the largest flat panel displays in the World - the Sharp 108" LCD (LC-108D1U). The cart/stand features an ultra-strong tubular frame and provides the flexibility to be used as either a transportable cart or a stationary stand (with Peerless-AV ACC310 leg leveler kit). Its durable ball bearing casters provide smooth rolling motion on level surfaces for simple travel from one location to the next. Openings in the product's upright support system provide a convenient location for neatly stowing cabling for a clean, organized appearance. The Peerless-AV cart/stand solution provides the ultimate stationary and mobile solution for Sharp's 108" flat panel displays.

Screen size: 108"

Max load: 600lb (272kg)

FEATURES

- Designed to hold the Sharp LC-108D1U
- Internal cable management hides cables for a clean, clutter-free appearance
- Speedy transition from a cart to a stand with Peerless leg accessory leveler kit (ACC310)
- 360° swivel ball-bearing casters for smooth motion; allowing ease of cart maneuverability
- Tubular steel frame design with welded, gusseted uprights ensures strength and durability
- Supports up to 600lb (272kg)
