---

19" Rack case - 10U - made of `FORCE Polyethylene`,

---

### Description

19" Rack case - 10U - made of `FORCE Polyethylene`, with the integration of a retractable trolley type handle and `roller-blade` style wheels for easy transport. This item is part of the new series of products that includes a wide range of professional cases dedicated to the field of musical instruments and stage equipment and is an integral part of PROEL brand products. The main feature of this series is represented by the `mix` of components and polymers used, including the carbon fibre, for the realization of the panels used in the construction of the ABS cases. The result of all this is the `FORCE Polyethylene` which combines excellent resistance to chemicals and weathering, and is at the same time very light and durable over time.

### Technical Specifications FOABSR10UW

Application fields: 19" rack equipments

Construction materials: ABS - Aluminum

Usable inner depth: 420 mm

Finishing: FORCE Polyethylene

Colour: FORCE background - black and grey

Rack Units: 10U (The unit at the bottom can only be used for low profile equipment due to the trolley mechanism)

Latch: 8

Handles: 3 (one of them with pull-out system)

Casters: 4 (Roller-blade style)

Net weight: about 9,30 Kg

Colours Available: FORCE background - black and grey

Master pack: 1 Pc

Notes: Lids equipped with practical zipped meshed pocket for cables and accessories storage
