Key Benefits

- Easy to install and maintain
- Quick to install
- Solution for every configuration
- Attractive design
- TÜV-5 certified

Vogel's has put together a complete video wall interface kit for creating a 10x10 UHD video wall using the LED displays from the Philips UHD BDL series.

Specially developed for Philips BDL series Vogel's has developed a specific interface kit for mounting an LED wall based on the Philips BDL series, FHD and UHD. This LED interface kit is specially designed for mounting in the landscape position. Smart design with a variety of mounting options This LED interface kit is designed to easily combine with the universal Connect-it system. How easy is that? You can mount the LED interface kit directly on the wall. If wall mounting is not possible, you can mount your LED interface kit on a Connect-it floor/ceiling solution. Would you prefer a free-standing solution? You can also combine the LED interface kit with a Connect-it floor stand or trolley. Vogel's has a solution for any type of mounting. Install your video wall quickly and easily. Choose precision with ease for a seamless end result. A solution that suits you and your customers perfectly and can be placed in any environment. An attractive design, one system for a variety of applications, easy to maintain and both durable and versatile. Vogel's. For Sure.
