Step 3: Mounting on a table or podium

To fix the KT-7 to a table:

- Using 2 screws, attach the base of the touch panel to the table via the two mounting holes on the base of the tabletop mount.

- Set the tabletop mount to the desired angle.

To install the KT-7 in a podium:

- Unscrew the 4 screws attaching the tabletop mount to the touch panel and remove it.

- On the surface of the podium mark the place where you want to install the touch panel.

- Cut out a rectangle to fit the touch panel at the chosen location.

  Kramer Electronics is not responsible for any damage caused to the podium.

Step 5: Operating the KT-7

To operate the **KT-7**:

1. Connect the 12V AC/DC power adapter to the **KT-7** DC IN power socket and to the mains electricity.

2. Turn the power switch on the rear panel of the touch panel to ON.

3. Double-click the desired icon (for example, K-Touch).
