

103" Flat Panel Screen Cart/Stand

Designed for Panasonic's 103" plasma this new cart/stand allows for effortless maneuverability of up to 600 lb. Easily maneuver the screen left or right while moving it down a hallway thanks to its 360° swivel ball-bearing casters. Convert the cart to a stand with ease, simply replace the wheels with ACC310 – leveling feet and the two-in-one mounting solution becomes a stand.

- Internal cable management hides cables & cords for a clean, clutter-free appearance
- Converts to stand with additional Peerless leg accessory leveler, ACC310 (without the screen mounted)
- 360° swivel ball-bearing casters enable ease of maneuverability for one person transport of over 600 lb
- Its tubular steel frame design is welded with gusseted uprights delivering a super strong structure
- Assembles in about 25 minutes
- Keyhole slots allow for easy screen attachment
