### Key Benefits

- Adjustable in height up to 65 cm
- Solid construction
- Suitable for heavy displays

Interactive displays are very popular for education and business use. For different length of users the height needs to be adjusted. As interactive displays are heavy, a motorized trolley or wall mount is the perfect ergonomic solution for mounting these type of displays. PFB 3402 / PFB 3405 not possible.

Two internal motors give the PFTE 71 12 display trolley a height adjustment range of 65 cm. The wide wheelbase and large casters make it very stable and safe. Add the Connect-it display interface matching the display of choice. The display interface is not included as it varies for each display.
