

GLI07

Front grill for CIRA7 series speakers with cloth & outdoor treatment

The GLI series are optionally available front grills with TwistFix technology for the CIRA loudspeaker series. The GLI grills fits the CIRA7 speakers and are available in 3 versions : black (/B), white (/W) and paintable (/P).

The TwistFix system assembles the speakers' grill through twisting. A bajonet type locking with lips on the grill side gets fixed through insertion to slots on the speakers housing and giving it a partial turn. This system guarantees lifetime stable mounting while fixation can be done in a record-breaking time.

Product Features:

Dimensions	224 mm (Ø)
