RC-5B2

Wall Plate Insert - 2-Button Auxiliary
Control Panel

The RC-5B2 is an 2-button auxiliary control panel with backlit RGB buttons. It can be used as an auxiliary controller when connected via K-NET™ to a master room controller (such as the RC-74DL)

FEATURES

2-Button Faceplate - With backlit, configurable color buttons

K-NET™ Control Channel - For connecting individual and daisy-chaining multiple panels

K-Config Installation and Configuration

USB Port - For upgrading the firmware and setting the K-Net ID number

Compatibility - Can be used in any compatible opening: wall boxes, TBUS, etc

Color - Supplied with grey, black and white front plates

KRAMER
