

## Routing Switchers - RGB/YPbPr

Models S2-109PC, S2-105PC, S2-105PCA

**S2-109PC**, **S2-105PC** and **S2-105PCA** may function as standalone routing switchers or as input expansion modules for the C2-1000/2000 Scaler/Switchers to provide additional inputs to those devices. The S2-109PC adds 9x RGB/YPbPr inputs, the S2-105PC adds 5x RGB/YPbPr inputs and the S2-105PCA adds 5x RGB/YPbPr and 5x Stereo inputs to the C2 unit. All units provide one RGB/YPbPr output. The S2 Switcher connects to the C2 unit via an OPTION interconnect cable and is fully integrated into the control system of the host C2 Scaler/Switcher.

Multiple S2 units of different formats may be interfaced to a single C2 product, however, only one of any given format may be connected. The Windows Control Panel recognizes the C2 unit and all the connected S2 units as a single Multi-format Seamless Switcher. This fully customizable approach allows the user to choose the appropriate C2-1000/2000 Switcher/Scaler and the S2 Switchers to achieve the desired number of inputs.

S2 Switchers are available in a variety of video formats, with or without Stereo Audio. A Stereo only model is also available with variable delay. The units are housed in desktop cases and optional Single/Dual Rackmount Kits are available. A single 5-Input S2 unit can be powered via the host C2 unit's OPTION Interconnect Cable, which also supplies control. External power adapters are provided for the additional S2 units connected to the C2.

**Standalone Operation** - S2 Series Switchers can also operate as standalone Video and Audio Routing Switchers. Input selection is by front panel Push Buttons, IR Remote Control or via RS-232.

## **Specifications**

**Video Inputs/Outputs** 

S2-105PC Inputs

**Video Characteristics** 

Bandwidth >450 MHz Accommodated Formats RGBHV, YPbPr

Resolution (60Hz) Up to 1920x1200 and 1080p EDID Switches IDO0 to IDO3

Audio Inputs/Outputs (S2-105PCA Only)

Inputs 5x via 3.5mm Mini-Stereo Jacks
Output 1x via 3.5mm Mini-Stereo Jack

Audio Characteristics (S2-105PCA Only)
Analog Unbalanced
Frequency Response 100KHz +/- 3dB

Control

Standalone Operation Push Button, IR, RS-232 From C2 Series Device via D-15 OPTION Connector

Mechanical

Size (H-W-D) 41.5x218x150mm(1.63"x8.6"x5.9")

S2-105PC Weight (Net) 1.10kg (2.42 lbs) S2-105PCA Weight(Net) 1.12kg (2.46 lbs) S2-109PC Weight (Net) 1.18kg (2.60 lbs)

#### **Key Features of S2-PC Series Routing Switchers**

- S2-109PC has 9x RGB/YPbPr Inputs
- S2-105PC has 5x RGB/YPbPr Inputs
- S2-105PCA has 5x RGB/YPbPr Inputs and 5x Stereo Audio Inputs
- All units have 1x RGB/YPbPr Output
- Resolutions up to WUXGA and 1080p
- Interface to Host via OPTIONS Connector
- Controllable via RS-232, IR or Front Panel
- Units may be used as a standalone switchers
- Companion versions available for most formats
- Optional Single/Dual Rackmount Kit available

#### Note

(1) The C2-1000/2000 series supplies enough power via the Options Connector for one 5-Input S2 unit. Additional S2 units may be powered with the separate power adapters that are included.
