SMARTMOUNT XT

Universal Articulating Wall Arm for 40" to 75" Displays

From any angle, this wall arm mount reflects remarkable form and function. Retracting the flat panel display to a mere 2.6" (66mm) from the wall, extending it out to 26.54" (674mm) from the wall and allowing for a full 180° of side to side motion offers the possibility of perfectly positioning displays up to 75". A double stud installation creates a more sound design for heavier displays. With advanced features such as post-installation height adjustment, roll and lateral shift, fine-tuning of the installation is quick and simple. This articulating arm also integrates an internal cable management system that creates a clean and organized installation, while at the same time protecting the cables. Integrate an in-wall cable and power accessory into the wall plate cutout to complete the installation. Designed and built in the USA, this mount maintains the same brilliant quality you expect to find with the SmartMount® Series of Articulating and Pivot Wall Arm Mounts, but provides the premium features you can only find with SmartMountXT™.

Display size: 40"-75"

Max load: 110lb (50kg)

FEATURES

- Low-profile when retracted at 2.6" (66mm) and can extend up to 26.54" (674mm) from the wall
- Internal cable management provides ample area to run cables to complete a clean, professional installation
- Stylish wall plate covers create a finished look and are easy to install and remove
- One-Touch™ tilt mechanism allows adjustment of +15/-5° without the use of tools
- ±5° of roll for post-installation leveling
- Display can be rotated from landscape to portrait without removing the display
- ±0.5" of vertical adjustment for post-installation height adjustment fine-tuning
- Open wall plate design and cutout increase electrical and cable management options
- Double stud installation

Up to 1" (25.4mm) of height adjustment

Arm retracts to just 2.60" (66mm) and extends up to 26.54" (674mm) from the wall

Optional Accessory ACCX400

INTEGRATED PARTNER PROGRAM

Patented. Design Patent No. D623,634. Utility Patent No. 8,561,955.
