

Led KIT 3C

Product Code: SG LEDKITHP3C

Led kit 4 projectors 3X6W led RGBW/FC

Description

SDJ boasts one of the most extensive selections when it comes to ready to use "plug and play" LED systems. The LED Kit series consists of a portable colour changing LED set, suitable for any user, whether experienced or not. A handy stand with 3 feet (supplied) supports the light bar, a pedal assures easy control of the entire system and one handy bag (included) assure fast and secure transport of the light bar. The smallest one of the series, but no less effective, can count on 4 high power 6W LED sources with 4 in 1 RGBW full colour technology. The high power and the addition of white makes this kit unique for indoor entertainment. The light bar is also equipped with two adjustable side brackets for fastening to structures or in "light up" positions on the ground. For the most demanding users, a control has been added that operates via the DMX signal, to fully customise all the functions and performance of the entire system.

Technical Specifications

Light Source

- Kit 4 projectors 3x10W led RGBW Full Color
- LED lifespan: > 50.000h

Optic system

- Beam Angle: 25°

Color system

- Led Source 4 in 1 RGBW Full Color
- Infinite chromatic possibilities

Effects

- Linear dimmer 0-100%
