

# STUDIO LED PANEL RGB

Product Code: SG STUDIOPRGB

1456 RGB LEDs studio panel

## Technical Specifications

# Light source

• 1546 RGB leds

• LED lifespan: >50.000h

• LED refresh frequency: >400Hz flicker-free

# Optic system

• Beam angle: 110°

Color system

• RGB led color mixing

#### **Effects**

• Linear Dimmer 0-100%

· Adjustable Strobe

## Control and programming

• 1 DMX configuration available: 6 channels

- Protocol USITT DMX 512
- · Master/Slave mode

## Structure and cabinet

- · Die cast aluminum housing
- Blue LCD graphic display
- 3/5 poles XLR in/out dmx signal connections
- · Convection cooling system without fans
- Barndoor included

## Power supply

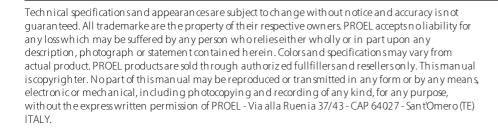

• Input Voltage: AC~100-240V, 50/60 Hz

Switching power supply unit
Max power: 250W @ 230VAC
Power supply cable included

# Weight and dimensions

• Net weight: 11,5 kg

• Dimensions:: 490x150x275 mm
