(41 – 70kg)

SR584VL3:
145 – 209lb
(66 – 95kg)

SMARTMOUNT.

Collaboration Cart With Vertical Lift

FOR 90.2 – 154LB & 145 – 209LB INTERACTIVE DISPLAYS

The SmartMount® Collaboration Cart was designed to safely mount, move, and store an interactive display. Innovative lift technology allows you to raise or lower a display, up to 15.75" (400mm), with a lift of a finger. This allows the display height to be set to your preference instantly. For easy setup and storage, the lockable rear door provides a secure area for a PC and power strip, while cable management channels provide a neat appearance. The cart's large wall plate and locking casters provide a stable foundation for touch applications, and the integrated handles allow you to easily maneuver the cart from room to room. For added protection, the corner bumpers prevent damage to walls or doorways. The stainless steel accents and black powder coat finish provide a nice aesthetic to complement this highly functional solution that is ideal for any touchscreen application.

Additional Features

- ✓ Display height can be adjusted up to 15.75" (400mm) with the touch of a finger
- ✓ Integrated cable management protects, contains and conceals cables for a clean, professional installation
- ✓ Maneuvers easily on 4" (102mm) swivel casters, two locking
- ✓ Corner bumpers protect walls and doorways from damage
- ✓ Textured black powder coat finish helps to hide finger prints and dust, while stainless steel accents provide an attractive appearance
- ✓ Universal display adaptor fits mounting patterns from 200 x 200mm to 600 x 400mm
- ✓ Lockable rear enclosure to store PC, UPS or surge protector
- ✓ Maintenance-free solution
- ✓ SR584VL2 accommodates displays weighing from 90.2 – 154lb (41 – 70kg)
- ✓ SR584VL3 accommodates displays weighing from 145.2 – 209lb (66 – 95kg)
- ✓ Sliding lever can lock the display in the lowest position while moving the cart
- ✓ Top of cabinet provides an opening for installation of external wifi antennas

The Peerless-AV® Collaboration Cart is a mobile solution that provides seamless interaction between technology and the user.

Innovative lift technology allows you to safely raise or lower a display up to 15.75" with just a finger

RoHS

Complies with the ADA Standards for Accessible Design, Section 308.
