

## UNDER DESK POWER MODULE UDM

UDM is an easily installed, under desk power module. It is custom made, allowing the choice of different socket types, USB charge socket and RJ45 media connection. The integrated 3 Pole Connector allows daisy chaining with multiple UDM modules or other similar devices, up to six sockets max.

## FEATURES

- The unit complies with BS5733
- The module is available in Black, with Black aluminium profile
- Available in up to six UK sockets, USB charge sockets and RJ45 media connections
- All UK sockets feature integral, spare fuses. Choice of 3.15A or 5A fuses are available to comply with BS 6396
- Integrated 3 Pole Connector enables daisy chaining with other compatible products
- When used with ABL Conference Top Access, it is perfectly suitable for meeting rooms
- It is easily installed and fits perfectly into ABL wire basket. Alternatively secured under the desk

## INTERCHANGEABLE MULTIMEDIA PLATES

ABL's IMP (Interchangeable Multimedia Plates) allows the end user to swap and change configurations within their chosen power module with ease. This new, flexible design benefits the end user as they have the choice of changing their module configurations to various multimedia connections all by themselves and according to their preferences.
