Wireless Flat Panel Cart

FOR 32" TO 75" DISPLAYS

Peerless-AV's Wireless Flat Panel Cart delivers mobility, convenience and safety. It is capable of streaming Full HD 1080p and passive 3D wireless content streaming to any space without the need to have long signal cables being dragged through doorways, corridors or conference rooms. The Wireless Cart comes with everything needed to stream Full HD 1080p and passive 3D signal at distances up to 210ft (64m) even through floors, walls and ceilings, and offers the ability to stream from one source up to six displays*. Source device control is simplified with a built in IR repeater system. No matter where the components are stored they can be controlled from the display location. The Wireless Flat Panel Cart is the ultimate solution for flat panel display mobility, cable free content delivery and display placement convenience.

*Additional receiver units (HDS300-R) required. Up to six receivers can be used with one transmitter unit. The WL-SR560M-300 comes with the PeerAir™ Pro Wireless AV Multi-Display System (HDS300)

WL-SR560M-300 comes with every component needed to stream wireless Full HD 1080p and passive 3D content through walls, floors or ceilings.

Additional Features

- ☑ Includes everything needed to stream wireless Full HD 1080p and passive 3D content to the mounted display through walls, floors or ceilings

- ☑ Provides wireless component and cable storage for a clean look

- ☑ Built-in 3-tap grounded outlet for wireless components and display power allowing for only one power cable to be routed to the power outlet

- ☑ Vertical adjustment feature to achieve the ideal viewing height

- ☑ Internal cable management neatly hides all cords and cables for a clean, clutter-free look

- ☑ Metal shelf can be located anywhere along the column assembly

- ☑ 4" swivel casters with two locking casters ensure stability, safety and easy maneuverability

- ☑ Quick and easy installation and plug-and-play wireless set up

WIRELESS FULL HD 1080P AND 3D STREAMING
Cable-free high-definition and passive 3D signal streaming up to 210ft (64m) through floors, walls and ceilings

CLEAN INSTALLATION
Provides 3-tap grounded outlet for wireless components and display power allowing for only one power cable to be routed to the power outlet

REMOTE COMPONENT CONTROL
Source device control is simplified with a built in IR repeater system. No matter where the components are stored they can be controlled from the display location

UL/CUL CERTIFIED
Provides the highest level of safety

SAFE AND EASY MANEUVERABILITY
4" (102mm) swivel casters meet UL/CUL requirements

Includes everything needed to quickly and easily stream wireless content to the display without the need to run signal cables
