

AGRO7.10

The AGRO7.10 set is composed of CS75 two-way 5 ¼" in-ceiling loudspeakers providing a high-quality and intelligible sound, suited for high-quality 100 Volt background music and announcement systems.

Powered by a COM12 amplifier, a great flexibility for connecting sources and microphones is offered. This system, using ten CS75 speakers, can cover areas of around 120 m².
