

RSM100BK

Microphone stand with boom with tripod die-cast aluminium base.

Description

Microphone stand with boom with tripod die-cast aluminium base. Available with matt black or chrome plated finish.

This established line of microphone stands has offered a highly competitive product since its introduction and now it has been redesigned and enhanced: heavy duty tube structure grants maximum reliability and durability. It features a new molded metal swivel joint for a perfect adjustment. Legs fold down for an easy storage and transport. All locking and friction joints are made with natural rubber whereas sliding joints are made with nylon.
