

SSP500

Flush Mount Sauna Speaker

AUDAC

► Features

- High-quality 2-way loudspeaker
- Attractive design
- True-to-nature sound reproduction
- Heat resistant up to 100°C
- Humidity resistant
- Polypropylene cone
- Silicone connection cable
- IP44

► Applications

- Sauna's
- Swimming pool area
- Wellness centers
- Outdoor area's
- ...

The SSP500 is a flush mount loudspeaker, especially designed to be used in rooms with a very high temperature and level of humidity, such as Sauna's, bathrooms, swimming pool area's, ...

It has an perforated aluminum grill with an ABS surround, finished in an off-white color. This gives the loudspeaker a modern and attractive look, making it blend into all different kinds of interiors. To make it even more complementary to the environment, the front can easily be painted to the desired colour.

The sound is generated by a 2-way loudspeaker section capable of producing a power of 20 Watt RMS, which is built from a 5" cone driver and a 1" tweeter, producing a natural and detailed sound which overall will be highly appreciated.

Due to the polypropylene cone, the ABS basket and the high quality of the used materials, the SSP500 can withstand in environments with extreme levels of humidity and temperature.

► Specifications

SYSTEM SPECIFICATIONS		
Max. power	40 W	
RMS power	20 W	
Impedance	8 Ohm	
Sensitivity (1W / 1m)	86 dB	
Sound Pressure Max (Max W / 1m)	99 dB	
Freq. Response (±3 dB)	75Hz - 20 kHz	
PRODUCT FEATURES		
Dimensions (Width x Height x Depth)	Ø 175 x 74 mm	
Weight net	0.62 Kg	
Drivers (Coaxial)	HF	1" HF
	LF	5" LF
Construction	Heat resistant ABS housing	
Mounting	4 Screws	
Cut out measurement	Ø 120 mm	
Built-in depth	60 mm	
Front finish	White aluminium grill	
Colour	White (RAL 9010)	
Operation temperature range	-25 °C ~ 100°C	
Operation relative humidity	< 95 %	
SHIPPING & ORDERING		
Packaging	Carton box	
Shipping weight & volume	Kg - Cbm	
Accessories	Cut-out template
