

Congratulations on purchasing your Kramer Wall Plate / Wall Plate Insert!

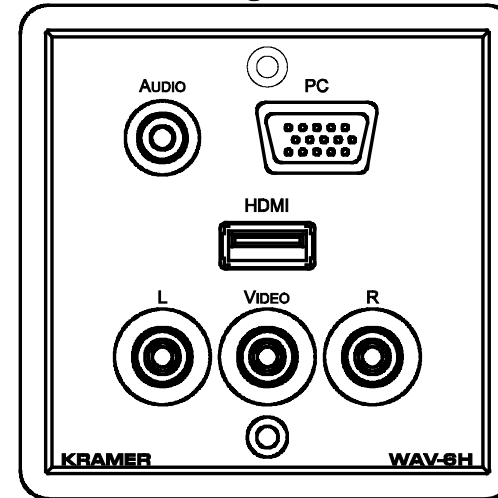

**Note, that the Kramer WAV-6H is identical to the WAV-6HDMI; just the name has changed replacing the suffix “HDMI” by “H” (according to the HDMI Guideline).**

The **WAV-6H** is a one gang wall plate insert with a pass-through female connector for HDMI at the front and a cable and female HDMI connector at the rear.

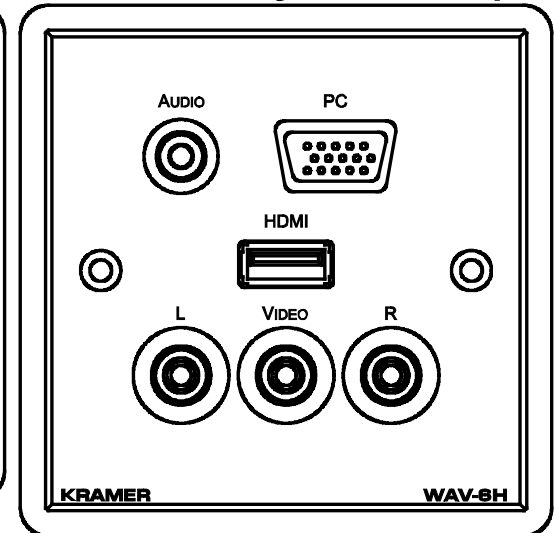

In addition, the **WAV-6H** has a pass through connector for:

- A PC (UXGA) on a 15-pin HD computer graphics video connector
- Video (composite or SDI) on a yellow RCA connector
- Unbalanced stereo audio on RCA connectors (white for L and red for R)
- Analog stereo AUDIO on a 3.5mm mini jack

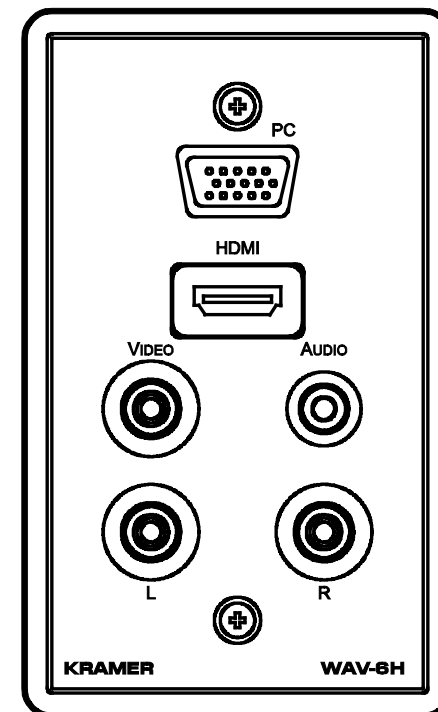

#### Destination: Belgium and Germany

#### Destination: England and Europe

#### Destination: United States

## Wall Plate Series:

**WAV-6H**
